Madrid, Aug 5 (Noon.)-The conference between the political leaders on the subject of peace terms continue, Senor Sil vela, the Conservative leader, acting in behalf of Senor Castelar, the Republican leader, who was prevented by lliness from being present, has conferred with the premier, Senor Sagasta, on the subject. He said Senor Castelar, although an advocate of peace, was of the opinion that in negotiating its conclusion the government should remember the Virginius affair, when the energy displayed by Spain in dealing with the United States saved Spanish interests, and he thought every effort should be made to preserve Spanish sovereignty over Porto Rico." Senor Silvein added that he personally

did not favor any change of policy. The Liberal (moderate Republican) today publishes an interview with Marshal Martinez de Campos, who is quoted as the Company -Gaying:

Wants a Triumphal Parade When Manila Falls.

New York, Aug. 5 .- The Journal prints cablegram from Hong Kong, purporting to give the text of a message sent by Aguineldo, the Philippine insurgent leader, to Consul General Wildman. The measage is dated Cavite, July 80, and in it Aguinatdo says it is reported that he is "getting the big head and not behaving," as he promised Mr. Wildman.

"In reply," says Aguinaldo, "I ask why should America expect me to outline my policy, present and future, and fight blindfor her interests, when America will not be frank with me? Tell me this; Am I fighting for annexation, protection or independence? It is for America to smy; not for me. I can take Manfla as I have defeated the Spanish everywhere, but what would be the use? If America takes Manila I can save my men and arms for what the future has in store for me. 'Now, good friend, believe me, I am not both fool and regue. The interests of my people are as sacred to me as are the interests of your people to you."
